

Covenant Christian Academy

Seventh – Twelfth Grade Supply List

2026 – 2027

General Expectations

It is expected that all students will arrive prepared to learn on the first day of school. This means that each student will have supplies appropriate to them. Some students prefer an assortment of spiral-bound notebooks while others prefer three-ring binders and loose-leaf paper. **Unless otherwise stated below**, students are free to choose what works best for them. It is highly recommended that students have (and use!) a daily planner that will allow them a consistent and convenient means of tracking assignments. *Please see the information below for additional course-specific requirements.*

****Note: Individual student schedules will be available on Facts in early June.***
